

Alternative marathons

No luck getting a London Marathon place? Don't despair—there are loads of alternative marathons in the UK and the ROI, and some of them are practically on your doorstep!

In September, there's the green and pleasant [Richmond Marathon](#) that starts in the beautiful Kew Gardens, winds along the Thames and takes you to Hampton Court Palace and back.

Or how about registering for the [Brighton Marathon](#) instead? It's a sell-out every April that feels a bit like a street party. Treat yourself to a mega portion of fish and chips before jumping on the train home.

If you'd like to sign up and raise money for Headway East London, get in touch. We will help you with fundraising, and you will receive an exclusive running vest designed by one of our artists and a free lunch!
