THE WORK OF HEADWAY EAST LONDON

Headway East London ("Headway") is a charity supporting people affected by brain injury. With clients from across 13 London boroughs we offer specialist support and services to around 250 survivors each week, as well as support and advice to their family, friends and carers.

We provide therapies, advocacy, family support and community support work alongside our specialist day service: a community venue where members can make the most of their abilities and interests. We believe that every one of our members has something to contribute to both Headway and the wider community.

We also promote awareness and understanding of brain injury by providing information, acting as an educational resource for universities, offering training to professionals and businesses, and running projects engaging our members with the public.

Our vision is to build a society where people with brain injury are valued, respected and able to fulfil their potential to lead full, active lives.

COMMUNITY SUPPORT WORK

As a Support Worker, you will work collaboratively with survivors in their own homes and the local community to:

- Support them as they seek to come to terms with their injury
- Help them to re-integrate into family and community life, including returning to study or work
- Maximise the opportunities and choices available to them
- Manage complex activities at home like managing finances, budgeting and paperwork
- Develop and maintain a daily and weekly structure which promotes well-being (including monitoring health, meal planning and engaging in exercise).
